MelonAge, your cross-sector partnership design expert, can help:

- ▶ if finding the right partner or partnership is your problem.

Our research services help you:

- Simplify and save time in finding the right partners or partnerships
- Avoid selection mistakes and confirm compatibility
- Optimize return on investments.

- ▶ if you have problems in creating/designing a new cross-sector partnership.

Our partnership design services can help you:

- Make informed decision by identifying suitable partnership design options
- Capitalize on partnering opportunities by designing a tailored partnership
- Minimize partnership pitfalls

- ▶ if your partnership is experiencing low performance or conflicts.

Our consulting services can help you:

- Identifying problem areas and avoid partnership failure
- Enhance partnership performance by re-designing partnership modality
- Improve resource allocation

Partnership failure can be costly. Before jumping into a partnership or before your partnership problems get out of hand, take action now and contact MelonAge.
